

Consultation response: the provision of specialist residential chronic pain services in Scotland

Question 1: We would like to know in what context you are responding. Please choose one of the following:

I am responding as:

- a) an individual who experiences chronic pain
- b) a family member or carer of someone who experiences chronic pain
- c) a health professional
- d) an organisation representing people who experience chronic pain
- e) other stakeholder (please tell us in the comments box below)

LIFE LONG CARER BY PROFESSION AND FAMILY

Question 2: Please choose your preferred option (Chapter 2 provides details).

- Option 1 – a centre of excellence in a single location
- Option 2 – a service delivered by local chronic pain clinicians (supported by other clinical advisors in another part of the country)
- Option 3 – a service delivered in different locations (by a team of chronic pain specialists – an outreach or roving service)

Please tell us why this is your preferred option in the comments box below. The factors listed in Chapter 2 of the consultation paper may help you.

LATE HUSBAND
CHRONIC CONDITIONS - HEART SURGERY - BLADDER
CANCER & PARKINSONS. (SIMULTANEOUSLY)
TRAVEL DIFFICULTIES. AMBULANCE DIFFICULTIES
INABILITY TO TRANSFER PATIENT BETWEEN
2 HOSPITALS TO SECURE NECESSARY TREATMENT
ON SINGLE TRIP.
MEDICAL ATTENTION EXCELLENT.

Question 3: Are there any of the options you disagree with? (If No, move straight to Question 4.)

If yes, please tell us which one(s) in the comments box, and why?

Question 4: If you have other ideas that have not been covered, please tell us about these in the comments box below. You may want to include the advantages and disadvantages of each.

AS PREVIOUSLY STATED A MUCH DESIRED TRANSFER COULD NOT BE EFFECTED. IN THIS INSTANCE A REQUESTED VIDEO LINK UP WITH THE PARKINSON'S CONSULTANT. PROVED BENEFICIAL BY TAILORING THE DRUG REGIME. HOWEVER THIS WAS DESCRIBED AS A ONE ONLY WAY OF CONTACT. IT CERTAINLY WORKED. MEANT PATIENT HAD ONLY TO ATTEND THE LOCAL HOSPITAL INSTEAD OF ANOTHER MAINLAND TRIP.

Question 5: What do you think the barriers are to accessing a residential pain management service? (For example, distance away from family, work or family commitments, upfront travel costs.)

Please list as many as you wish in the comments box below and include any others that are important to you.

DISTANCE FROM FAMILY HAS TO BE FACED BY MANY IN RURAL/ISLAND COMMUNITIES. SO A CENTRE OF EXCELLENCE CATERING FOR THE PATIENT WHERE ALL NEEDS COULD BE MET BY THE PRESENCE OF ALL NECESSARY EXPERTS UNDER THE ONE ROOF. WOULD BE THE BEST OPTION, SAVING THE PATIENT REPEAT TRIPS WHICH ARE EXHAUSTING STRESSFUL & COSTLY.

Question 6: Please choose from the list below which aspects of residential pain management services should be included in a Scottish service.

(choose as many as apply)

A chronic pain assessment

Supported one-to-one sessions to teach coping skills

Group sessions

Residential accommodation

Opportunity for immediate carer/support provider to accompany patient

Peer support

Tailored exercise programme

Medication assessment

Other (please tell us in the comments box below)

Question 7: Irrespective of the final service model selected, should access to the current service provided in Bath (or elsewhere in the UK) be retained for occasional use?

Yes No Don't Know

Question 8: Have you previously attended, or supported someone attending a residential service outside Scotland?

Yes (please answer Question 9)

No (please move straight to Question 10)

Question 9: If you have attended, or supported someone attending a residential service outside Scotland, please tell us about any advantages and disadvantages of the experience.

Question 10: If you, or someone close to you, has been offered but declined a residential service outside Scotland what were the reasons for this?

W/A

Question 11: If you wish to add any further comments on issues raised in the consultation paper or current chronic pain services in Scotland, please use the comments box below.
