Introduction

This training pack has been prepared on behalf of the Scottish Government to cover the changes being made under Part 2 of the Housing (Scotland) Act 2014 to assist landlords in implementing the new provisions.

Whilst primarily produced for social landlords to help them prepare for the changes they have been prepared in a way to allow tenant groups and others to make use of these for training and information on the new Act as well.

There are 7 separate training sessions within the pack and each looks at the legal position, the terms of the guidance and sets out the practical changes social landlords will have to consider as a result of the changes in legislation and the guidance.
