Evaluation comments

WOSDEC	'I think this should be rolled out to all practitioners and ITE institutions. I thoroughly enjoyed the course and felt challenged in my thinking and learning (in a good way!)
Scotdec	'Lots of time to engage in professional dialogue'
MDEC	"We need to move our school community forward and away from focusing on fundraising."
HOW	I feel far more informed about where Global Citizenship fits and its priority in the curriculum. Some great exercises and resources shared
OWC	We plan to set up a children's rights working group to further involve children in the nursery decisions and give them ownership of their nursery. We are looking to work with children to set up a children's charter.
